EDUCATION

SRM Institute of Science and Technology

Bachelor of Technology in Computer Science and Engineering (CSE) — CGPA: 8.27

Chennai, India

2024 – 2028

FIITJEE Junior College

Intermediate Education — Percentage: 82%

Visakhapatnam, Andhra Pradesh

2022 – 2024

PROJECTS

Crop Management System | Python, MySQL

- Developed a crop management application using Python and MySQL to organize and manage crop-related information efficiently.
- Implemented features for adding, updating, deleting, and retrieving crop records through database integration.
- Designed structured data management functionality to improve accessibility and efficient handling of crop information.

Student Result Management System | Java, MySQL

- Built a Java and MySQL-based application to manage student records, academic details, and examination results.
- Implemented automated grade calculation and result management features to simplify academic record processing.
- Integrated MySQL database operations for storing, updating, and retrieving student information accurately.

Ola Clone — Ride Booking Application | HTML, CSS, JavaScript

- Developed a ride-booking web application inspired by Ola, allowing users to select pickup and drop locations and book rides.
- Designed responsive user interfaces for ride selection, booking details, and fare information using HTML and CSS.
- Implemented JavaScript functionality to handle user interactions and dynamically update ride booking information.

ACHIEVEMENTS & CERTIFICATIONS

Machine Learning for Data Science Projects — IBM SkillsBuild

Career Essentials in Generative AI — Microsoft & LinkedIn

Software Engineering Job Simulation — JPMorgan Chase & Co.

Technology Job Simulation — Deloitte

Cisco Python Essentials 1

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS

AI / Machine Learning: Machine Learning, Linear Regression, Generative AI, LangChain, Mistral AI

Frameworks: React, Node.js, Flask, FastAPI

Databases: MySQL, PostgreSQL

Developer Tools: Git, Docker, Google Cloud Platform, VS Code, Visual Studio

Libraries: Pandas, NumPy, Matplotlib, Scikit-learn
